

Please be Advised of the Following Information:

The City of Goldsboro has been asked if we would re-inspect homes to ensure that electrical work still needs to be done to make the home safe. If your power is still off and you would like for the City to re-inspect the electrical system to determine if it is safe or unsafe, please contact us by calling (919) 580-4385 between 8:30 am and 4:30 pm. Your request will be forwarded to a licensed contractor to schedule an appointment for your inspection. For additional information, Please contact the City of Goldsboro Inspections Department at (919) 580-4385.
